2025-2026

# photoshoot in Rio de Janeiro

## *what you need to know!*

**BOOKING SESSION:** The sooner you book your session, the better your chances of securing the ideal time of day — and you'll also have more time to plan, exchange ideas with me, and prepare for your photo day. Oh, and don't leave your session for the end of your trip — try to book it for the first or second day, so we have room to adjust the date in case of unforeseen events or weather changes.

**The date reservation is confirmed upon a 30% payment of the session total.** The remaining balance is paid on the day of the photoshoot, via PIX or cash. If PIX or cash payment isn't possible, payment can be made through PayPal (with a 10% surcharge).

**BEST TIME FOR PHOTOS:** Rio is a popular destination all year round — and we love sunrise! Which means, from very early in the morning, all spots are already lively. That's why my suggestion is always to start as early as possible — for many reasons: fewer people, better light, fresher weather, and prettier results!

**ENTRANCE FEES AND TRANSPORTATION:** They are not included in the session price. Transportation between locations can be done on foot or by taxi/Uber, at the client's expense. Please note that the total session time includes travel time between locations..

**OUTFIT CHANGES:** Yes, depending on the chosen location it's possible, but in most places, there's no proper changing area — so you might need to change by layering outfits. That's why I recommend using accessories, versatile looks, and wrinkle-free fabrics. Some colors look especially beautiful with certain backdrops — and I'll help you with that!

**MEETING POINT:** I'll send you the exact meeting point and wait for you there at the agreed time. Remember: the session time starts counting from the scheduled time!

**SESSION UPGRADES:** You can add extra time (R\$450/hour) or video starting at R\$350 (shot on mobile, Reels-style). For photos and videos with a drone, please request a custom quote..

**PHOTO DELIVERY:** You'll receive an online gallery to view your photos and select your favorites according to your plan — and you can also upgrade by choosing additional photos! (R\$25 per extra photo, or R\$20 each for 15+ extras).

**No time to choose your favorites and want all the best shots from your session?** Leave it to me! I'll curate and edit the photos following my artistic standard. You'll get the surprise of receiving your photos already edited, saving your time, and even receiving more photos than your original plan — for a 35% fee on top of your session value. If you're interested, let me know and I'll explain in more detail..

**LOCATION SUGGESTIONS:** I know — it's so hard to choose a location in Rio, where everything is so stunning! I'll list my favorite spots for you. And if you flip through a few pages, you'll find lots of photos showing where they were taken — to help you make that tough choice, haha!

**BEACHES:** Arpoador, Diabo, Ipanema, Leblon, São Conrado, Joatinga, Praia Vermelha

**LOOKOUT:** Dona Marta, Vista Chinesa, Leblon, Parque Dois Irmãos, Joá

**URBAN:** Museu do Amanhã, Escada Brasil, Roda Gigante, Cinelândia, Selaron, Lapa, Murais Etnias, Santa Teresa, Parque Glória Maria

**PARKS:** Jardim Botânico, Lagoa Rodrigo de Freitas, Floresta da Tijuca

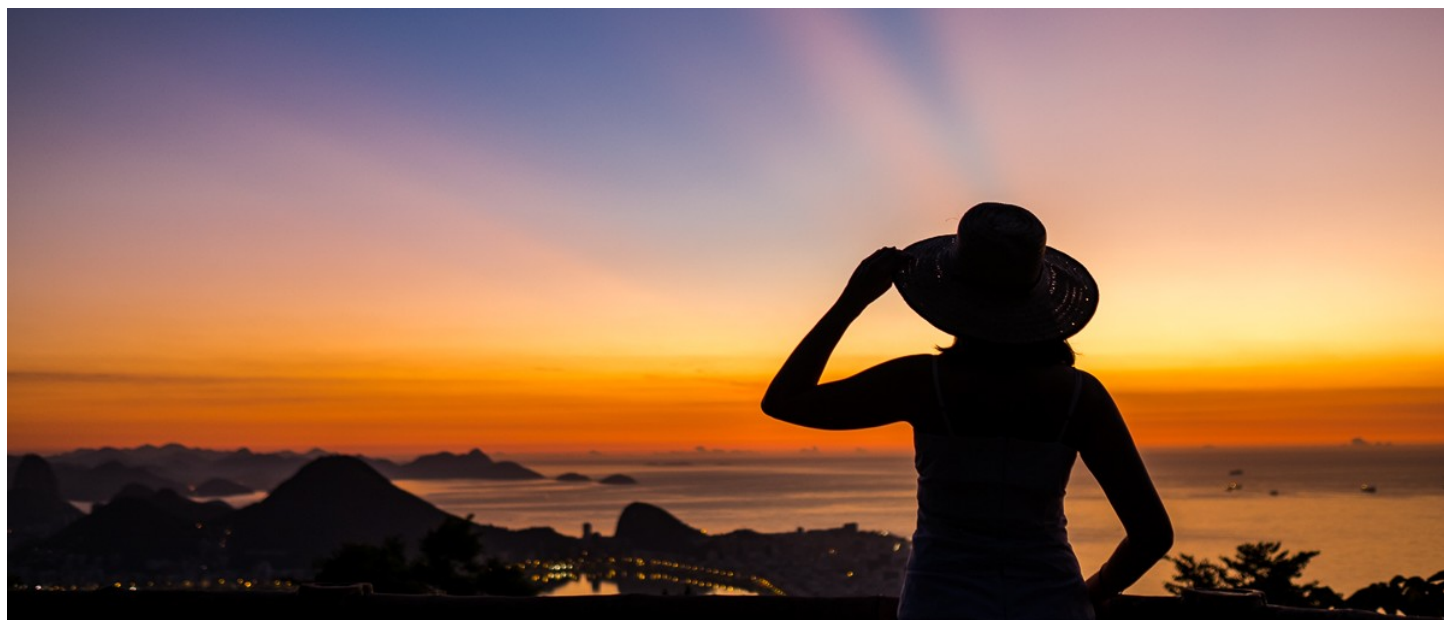

**URCA:** Praia Vermelha, Praia da Urca, ruas e casas da Urca, Pista Cláudio Coutinho, Mureta da Urca, Igreja Nossa Senhora do Brasil

**CHRIST THE REDEEMER** no cenário: Mirante Dona Marta, Vista Chinesa, Jardim Botânico, Mureta da Urca

**CLOSE TO RIO:** Paqueta, Niterói

# terms and conditions

- ✓ Extra pictures and videos can be included as per demand and they have the same deadline and conditions.
- ✓ The photo shooting will be carried out only by the photographer – that is no photographer assistant, except when specified.
- ✓ The photographer is not required to keep the photos after 30 days from the session date, although some images may be retained for portfolio or promotional purposes. After this period, the photographer is no longer responsible for providing the material (digital files) or storing them.
- ✓ Photos are delivered via a download link, available for 6 days. Once that period ends, the link expires and cannot be reactivated. If the photographer still has the files and the client requests a new link, a BRL 100 fee will be charged.
- ✓ Photo editing focuses on color and black-and-white tones to best express the emotion of each moment. Image manipulation ("Photoshop work") is not included — such as adding or removing people or objects, slimming, body or background alterations, or skin retouching. My photography preserves authentic features, bodies, and scenes — staying true to reality is a core value and part of my artistic identity. RAW files are not provided.
- ✓ By booking a session, the client agrees that the photographer may use the images (including those of minors under their responsibility) for her portfolio, promotional purposes, and publications. This includes but is not limited to websites, social media, exhibitions, contests, books, and magazines, without any financial compensation or time limitation, and extends to the client's heirs and representatives.
- ✓ If there are any restrictions regarding the use of images, please inform me in advance.
- ✓ Cancellation policy: if the client cancels the session, 50% of the amount already paid will be refunded, provided the photographer is notified at least 15 days before the session. After that period, no refunds will be issued.
- ✓ In unforeseen cases such as illness, accidents, or other force majeure situations, the session may be carried out by a partner photographer at no additional cost to the client..
- ✓ Weather or travel changes: if the weather conditions are unfavorable or travel plans change, the session can be rescheduled once — depending on both parties' availability — within up to 2 months. Alternatively, the session can take place indoors. The amount paid may also be used as a gift voucher for someone else, valid for 2 months. After this period or for additional rescheduling, a 15% rescheduling fee will apply.
- ✓ Photo delivery will only occur after full payment of the session fee.
- ✓ The session time starts at the agreed location and time. Any delay without prior notice will be counted as part of the session duration.

## about me

Hi, I'm Lu!

a photographer inspired by stories, light, and emotion!

Originally from Petrópolis but a true Carioca at heart, I've been living in Rio since 2002.

With a background in Computer Science, I spent years balancing a corporate career before fully surrendering to what truly moves me: photography.

What began as a spontaneous curiosity soon became a passion — and since 2017, I've dedicated myself entirely to transforming emotions into images.

My work is about storytelling — capturing genuine connections and turning everyday moments into soulful visual memories for couples, families, friends, and travelers.

Guided by a deep love for the city and for life itself, my photos reveal colors, textures, and atmospheres that go beyond what the eyes can see.

I believe an image can hold the essence of a memory — its colors, scents, and feelings. Live every moment deeply, and I'll make sure it becomes eternal through my lens!
